

Clover College Courses

Exploring the World of Sports

Led by members of the LSU Athletic Department representing football, basketball, volleyball and gymnastics. The world of sports is a huge business and a major impact on universities across the country. This is an opportunity to learn about the behind the scenes management of athletics on the LSU campus. Learn about the details of traveling to LSU sporting events, academics for athletes, and behind the scenes technology for sports. You will leave the session with an understanding of the expectations of a college student athlete. There will also be an opportunity to meet college athletes.

Louisiana: The Sportsman Paradise

Louisiana's Paradise will give participants an opportunity to learn about the bountiful environment of Louisiana. Students will receive instruction on outdoor cooking, the quality of our marsh land, and how pollutants directly and indirectly affect humans. Participants also will learn about Louisiana's unique waterfowl population and their characteristics. The participants will also be able to join in for a fun filled trip to explore Louisiana's Wetlands and learn about our Alligator Industry.

Creative Forces: Youth Educational Theater Corps

Creative Forces use skills as actors, comics, poets, singers and teachers to educate others about the vital issues of the community. Creative Forces' motto, "Information + Image = Knowledge" is a challenge and an invitation to all to go beyond the mere transmission of facts and engage young people as critical thinkers and creative leaders in the transformation of society.

Forensics: A Clue and A Crime

Back for the second year, this Clover College workshop will offer a Forensics Frenzy. The first forty-eight hours of an investigation are key in determining the answers to the Who? What? When? Where? And How? Time is valuable and so is the information that will be provided in this session. Youth will use their investigative and problem solving skills to solve a mock crime scene. Several detective agencies will offer opportunities to learn the methods of observing, gathering and analyzing physical evidence to solve mysteries. This hands-on session doesn't stop there. Come take part in a virtual visit to a local morgue and discover the secrets of the underworld.

Robotics: Our challenge – Your Solution!

Are you interested in robotics? Love a good puzzle? This workshop, led by the LSU Robotics department, will let you work as a team to build a SumoBot. The team will encounter challenges similar to those faced by scientists and engineers. Exposure to these fields of science and related professionals will open your team's eyes to future career choices. Participants will build a SumoBot, tour a robotics engineering facility and pair off in a SumoBot competition in this fun, fast-paced, workshop.

Make Your Health Rock!

Participants will learn how Health Rocks! Through interactive programs that will test their healthy decision making skills. To showcase their knowledge, these Media Smart Youth will develop unique marketing tools to promote their parish plans.

Operation Military Kids

Join us for AT in your BDUs or FDUs, have fun at your APFT, eat your MREs and get some OTJ and OMK. Learn more about Operation Military Kids, a program that serves the children of the military. Learn more about the military culture and the needs of military families while participating in fun activities and service learning. OMK Clover College participants will sharpen their public speaking and personal communication skills, and leave with the knowledge and resources to plan seminars, camps and events that increase community awareness of military children and families. Through our SOMK Training, you will be equipped with the right tools to go out in your community and have some fun while educating others. Join us and make a difference!

Are You Ready for College?

Remember the big changes in your life? They are often exciting, scary, lonely, and fun all wrapped up together. Going to college are all of those things and more! Find out how to best be prepared for your transition into college. This workshop has four areas of emphasis: Academics, Finances, Relationships, and Healthy Choices.

Citizenship Louisiana Focus

CFL & 4-H U is an educational and challenging activity that enables you to act as a Senator for a day as you explore community and youth issues through research and group discussions. This workshop is for you and if you like debates and are interested in how laws are made. Experience government as you take part in a democratic process at the Old State Capitol. Also, come and enjoy the "friendly competition" of the CLF Scavenger Hunt and the Louisiana Trivia Game.
