

4-H University

4-H University is held on the LSU Campus in June of each year. 4-H U participants will be selected from placings in parish 4-H contests such as demonstrations, project and record contests, etc. Other factors for consideration include completion of a 4-H record book during the current school year, participation in parish 4-H contests, outstanding project work, interest and enthusiasm for the 4-H program, and positive behavior characteristics. In addition, higher priority will be given to senior level contestants who earn a score of at least 50% or better of the total contest score in 4-H University qualifying contest.
