Classes for March &  
April 2009

## Week of the Young Child April 19-25, 2009

Week of the Young child is held each year to honor young children and thank teachers and all those who make a difference in young children's lives. The theme for WOYC 2009 is:

***Bring Communities Together for Children—  
Children Bring Communities Together***

The National Association for the Education of Young Children encourages early childhood programs and organizations who work on behalf of young children to plan WOYC events that will bring your community together. Some event ideas related to literacy are as follows:

- Create a family story time. Invite families to come to your center and participate in story time and other reading activities.
- Get family members to partner with a child to read more than once a week. Photograph the children with their reading partners and post the pictures in your center.
- Have the children write or dictate their opinion of classroom books and rate them with stars. Tally the results and post the chart in the classroom. Share this with parents in a newsletter.
- Encourage families to give a book to your center in honor of a child's birthday.
- Organize a book exchange in your center. Have a bring-a-book, take-a-book center close to your arrival area.
- Celebrate reading by inviting local celebrities or public officials to read stories. Ask library or theater groups to perform puppet shows or skits.
