## Basic Gardening Series 6:30-8:30, consecutive Thursdays

<p><b>January 15</b></p>	<p><b>Tuff Turf &amp; Blankety-Blank Weeds</b> – Create healthy carefree southern turf grass by avoiding common mistakes. The program centers on turf grass health and culture, weed management, and herbicide use.</p>		<p><b>Tried and True Annuals and Perennials</b> – Add seasonal plants to provide color and take advantage of some economical repeaters to add interest to your garden.</p>
<p><b>January 22</b></p>	<p><b>Ornamental Grasses</b> – Find ornamental grasses that add unique texture, form, color, and motion to your garden that cannot be added by any other plant.</p>	<p><b>Bed Prep, the First Step in Gardening</b> – Learn how to improve your soil. Plus, the no nonsense “scoop” on fertilizers and pH.</p>	<p><b>Jeepers Creepers</b> – Expand your definition of “ground cover” and find some great ones for your garden.</p>
<p><b>January 29</b></p>	<p><b>The Tall and Short of Trees and Shrubs</b> – Select and plant suitable trees and shrubs that will thrive in your Baton Rouge garden.</p>		<p><b>Landscaping Made Easy</b> – Starting with a plan is the key to a beautiful landscape. This program provides the basics for designing your own landscape. In addition, get the inside scoop on hiring landscape professionals.</p>

## Colorscapes -- 6:30-8:30, consecutive Thursdays

Color, thoughtfully handled, is the basis of a beautiful garden. In three different **ColorScaping** presentations learn to “paint” your own garden canvas! Understand the visual impact one color has upon other colors and the emotional impact various colors have upon viewers. Photos of recommended plant materials provide an easy, relaxing way to begin deciding how to “paint” a more satisfying landscape this year.
